## Postgraduate scholarships

### Swiss Government Excellence Scholarships

Through the Swiss Federal Commission for Scholarships for Foreign Students (FCS), the Swiss Government grants foreign researchers postgraduate scholarships at Swiss higher education institutions (Universities, Federal Institutes of Technology and Universities of Applied Sciences, Fine Arts and Music Schools).

The Swiss Government Excellence Scholarships are intended for highly motivated, competitive young researchers who have graduated from university (postgraduates). These scholarships will enable applicants to undertake research work in the fields in which the Swiss universities are particularly active.

## Read the FCS webpage

For each country specific scholarship types are offered. Please go to the FCS webpage in order to see **which type of scholarship is offered to your country of origin.**

Click FCS website: [www.sbf.admin.ch/scholarships\\_eng](http://www.sbf.admin.ch/scholarships_eng)

## Submit in your country of origin

The applications have to be submitted for a preliminary selection to the national institution in charge and/or to the Swiss diplomatic representation in the applicant's country of origin. The Swiss diplomatic representation will then forward the pre-selected applications to the FCS for final selection.

# Preconditions

## Research interest

### Research proposal

Applicants must have a clear research goal. Research scholarship, Post-doctoral scholarship as well as PhD scholarship candidates have to submit a complete research proposal (max. 5 pages), **using exclusively the official research proposal form** provided with the application package.

**The research proposal is a central part of your application.** Please devote all the required attention to it.

## Host professor

### Academic supervisor

To have an eligible application package, the applicant wishing to undertake a research scholarship, a PhD scholarship or a Post-doctoral scholarship must find a professor in Switzerland willing to supervise their scholarship research project. A letter of invitation must imperatively be part of the application package.

**Failure to have a supervisor will result in the rejection of the application** by the relevant national institution in the host country or by the Swiss diplomatic representation.

## Two separate procedures for PhD scholarship applications

### For PhD applicants only – Please note!

The FCS application for a PhD scholarship and the application for admission by a Swiss university for a PhD study are two separate procedures. The admission to a PhD study at your chosen Swiss university is a *conditio sine qua non* for a potential attribution of a FCS scholarship – but not guarantee though for a positive decision by the Federal Commission for Scholarships FCS. It is the applicant's responsibility to manage both procedures in parallel.

# Finding your supervisor

## Where to find

### A prerequisite for the application

All Swiss Government Excellence Scholarships are supervised by a professor. As non-binding resource the «swissuniversities'» database [www.proff.ch](http://www.proff.ch) may be helpful for you.

The first step in the application process for the scholarship candidate is to find a professor at a Swiss academic institution **willing to act as their academic supervisor** for the scholarship research project.

The FCS encourages candidates to find their supervisor on their own. There is no specific support offered in this bottom-up matching process.

An application without a host professor is not complete and will therefore be rejected.

## Good to know

### Understanding the role of academic supervisors

Professors reported to the FCS that they are frequently contacted by scholarship applicants asking for support. Therefore the FCS secretariat issued a leaflet explaining the role of a academic supervisor for a Swiss Government Excellence Scholarship holder.

The FCS recommends to potential academic supervisors to support 1 - 2 applicants per year.

You find the leaflet "Will you be my supervisor?" enclosed in your application package. Feel free to use it when contacting your potential supervisor.
