

MT+ KA229 Other Project Events

Relevant for...

Call Year	Key Action	Action
2018	KA2 - Cooperation for innovation and the exchange of good practices	KA229 - School Exchange Partnerships

The tab **Other Project Events** in Mobility Tool+ enables project coordinators to specify any additional activities that have facilitated the management and organisation of the school-to-school project. There is no budget calculation for such activities, however they are listed in the final beneficiary report.

Information

The **Other Project Events** can be added or modified **only by the coordinator** in their own split project (identified with "_1" at the end of the project reference). Project partners have the possibility to view the **Other Project Events** in their own projects, but they cannot modify such events.

All **Other Project Events** added by the coordinator are displayed as a list. The contextual menu next to each item (1) allows users to view, edit and delete the specific item.

It is also possible to perform other operations such as searching, exporting activities, etc. For all available operations please refer to the [MT+ List functionality](#) page.

The saved details are displayed.

Click **Edit** to make further changes or click **back to list** to return to the **Other Project Events** list.

The screenshot displays the 'European Commission Mobility tool' interface. At the top, there is a navigation bar with 'home', 'change language', and 'logout' options. The main header includes the European Commission logo, the text 'Mobility tool', and 'PL01 Foundation for the Development of the Education System'. Below the header, a breadcrumb trail shows the current page: 'Project 2018-1-PL01-KA229-039176_1 > Details > Organisations > Contacts > Project Management and Implementation > Learning, Teaching and Training Activities > Special Costs'. The 'Other Project Events' tab is selected. A 'back to list' button is highlighted with a red box. The main content area is titled 'Other Project Event Details' and includes an 'Edit' button, also highlighted with a red box. The event details are as follows:
