Engage

Think about this quote by Nelson Mandela:

It always seems impossible until it's done.

Have you ever managed to achieve something that you previously thought impossible? Have you ever achieved something that everyone said you would never be able to do? What have you done that you never imagined yourself doing? How difficult was it to achieve your goal? How many times did you fail before you succeeded?

Write your answer here: *...and it seemed impossible.*

Explore

"Failure is a reality; we all fail at times, and it's painful when we do. But it's better to fail while striving for something wonderful, challenging, adventurous, and uncertain than to say, 'I don't want to try because I may not succeed completely.'" said Jimmy Carter. Read this text about the [Greatest Failures of All Time](#).

Write 2 interesting facts that you learned and 1 idea that stuck with you on this board.

Watch the video about the [Characteristics of Successful Entrepreneurs](#).

Check understanding by completing this [gap-fill exercise](#).

Choose **ONE** of the following resources about two young entrepreneurs:

- Read: [Josh Feinsilber: What's next for me and Gimkit?](#) OR
- Watch: [Maya Penn: Meet a Young Entrepreneur, Cartoonist, Designer, Activist...](#)

Write your thoughts about the entrepreneur of your choice on this board. If you wish, add names of some other young successful entrepreneurs.

Dig Deeper

What does "being entrepreneurial" mean to you? What does it mean to have an entrepreneurial mindset?

Write up to three words here: [Entrepreneurial mindset](#).

Read about the competences and skills you need to acquire to develop an entrepreneurial mindset in this [Brief Introduction to EntreComp](#), the European Entrepreneurship Competence Framework.

After learning about the skills entrepreneurs need to develop, assess your entrepreneurial competence:

Self-assess your [entrepreneurial competence](#).

Apply

Demonstrate your entrepreneurial mindset by selecting **ONE** task from this choice board:

Organize a Make a Difference Day at your school.	Create an app.	Design an educational game.
Set up a school-wide campaign about recycling.	Plan a European dream vacation with a budget of 3,000 EUR.	You decide!

Use this canvas to plan, develop and implement your project: [Lean Canvas](#).

Share

Share your design (link to your lean canvas, image, document, presentation) on this [Padlet](#). You can also record a video or a podcast and explain your design.

Reflect

Select at least one product created by your classmates and write in the comment of their post:

★ ★ Two things you like about their work.

★ One thing they could improve. Explain how they can improve it.

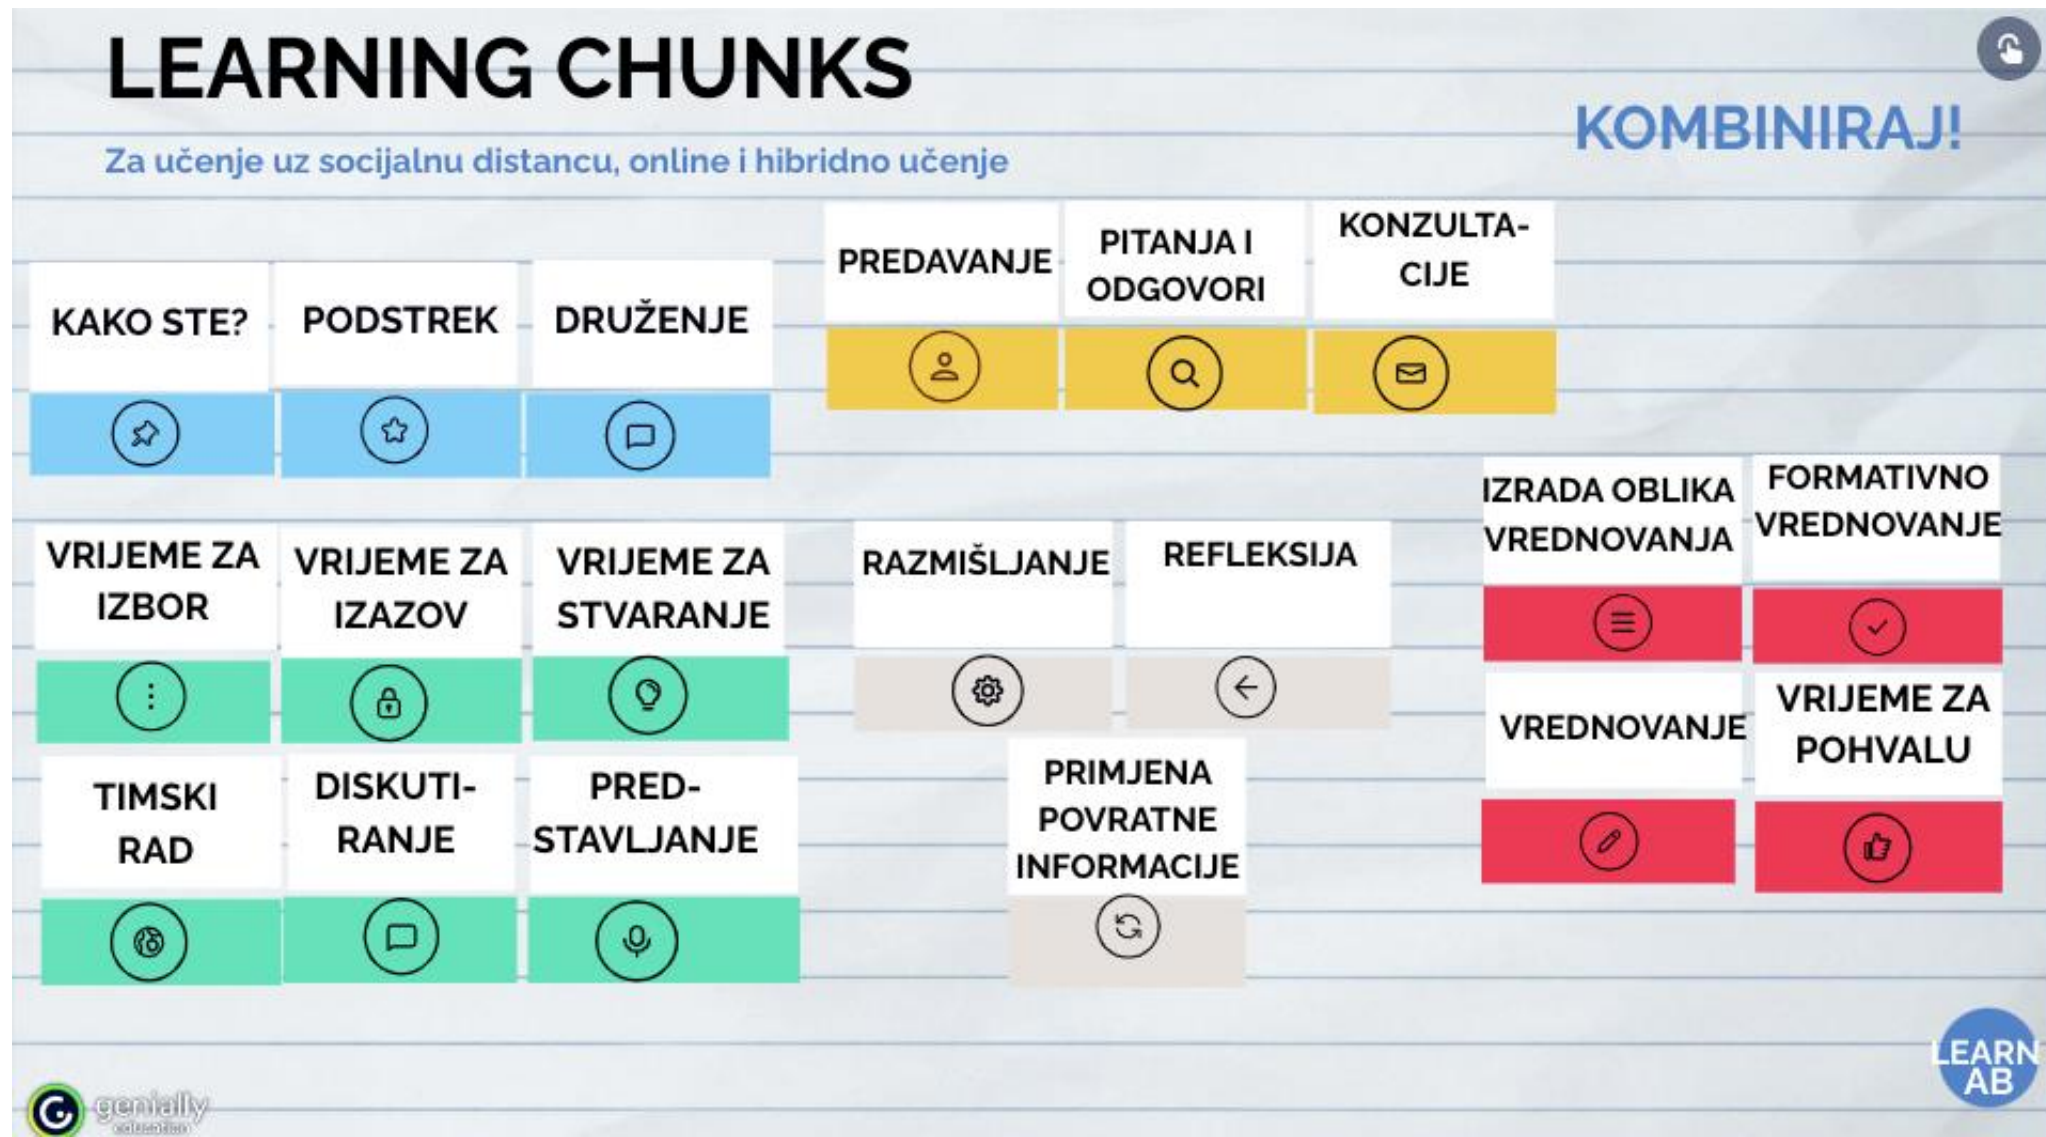

Play

Play a [Gimkit game about entrepreneurship](#). If you haven't played Gimkit yet, check out this tutorial on how to play a game: [Gimkit Tutorial](#).
